Any such pet shall be kept either on a leash, or in a run, pen or kennel (in any event, a "pen"), and shall not be allowed to run loose or unattended. No pen shall be erected, placed or permitted to remain on any Lot unless located within the rear yard of such Lot adjacent to a wall of the Dwelling or garage, and facing the rear or interior of the Lot, and such pen shall not be permitted to extend into either side yard. All pens shall be made of wood, decorative block or approved fencing materials, or any combination thereof, and may not exceed three hundred (300) square feet in area or four (4) feet in height. The construction and landscaping plans for a pen are subject to approval by the Committee.

**SECTION 10. TEMPORARY STRUCTURES:** No structure of a temporary character, trailer, commercial vehicle, recreation vehicle, shack, garage, barn, storage shed, tent, tree house, or other similar outbuilding, may be used or occupied at any time, on any Lot, either temporarily or permanently, except that (i) tents for entertainment purposes may be erected on any Lot for periods not to exceed forty-eight (48) hours; (ii) an appurtenant swimming pool bathhouse may be maintained on any Lot, provided that the plans for such swimming pool and bathhouse shall have been approved by the Committee and Township; and (iii) a temporary storage building for the storage of materials and supplies to be used in connection with the construction of a Dwelling on any Lot may be kept and maintained on such Lot during the period of such construction.

**SECTION 12. ANTENNAS:** No exterior radio, television or other communications antenna of any type, or any saucer, dish or similar device, may be erected, placed, maintained or permitted to remain on any Lot, except that the Committee may, upon appropriate application with regard to any Lot, determine that the absence of an outside antenna will cause a substantial hardship, and, upon such finding, may permit an outside antenna to be used in connection with such Lot under such conditions as the Committee shall deem reasonable.

**SECTION 13. UNSIGHTLY CONDITIONS:** No Lot shall be used as a dumping ground for rubbish, trash, garbage or other waste, and such material shall not be kept or stored on any Lot except in appropriately sealed sanitary containers properly concealed from public view. Garbage containers shall not be left at the roadside of any occupied Lot for more than twenty four (24) hours during any one week. Any debris resulting from the destruction in whole or in part of any Dwelling, structure or improvement on any Lot shall be removed from such Lot by the Owner thereof with all reasonable dispatch. In addition, easements are hereby specifically reserved to the Declarant in, through and across a strip of land six feet (6') in width along all rear and side Lot lines for the installation and maintenance of telephone, electric and cable television lines and conduits, sanitary and storm sewers, water mains, and for surface drainage purposes, and for the use of any public utility service deemed necessary by the Declarant. The use of any such easement may be assigned by the Declarant, at any time, to any Person furnishing one or more of the foregoing services and/or facilities, and any such easement may be relinquished by the filing of record by the Declarant of an appropriate instrument of relinquishment. Within each of the foregoing easements, no structure, improvement, planting or other material shall be placed or permitted to remain which may damage or interfere with the installation and/or maintenance of such service facilities and utilities, or which may change, obstruct or retard the flow or direction of water in and through drainage channels in the easements, nor, without the written consent of the Committee, shall any change be made in the finished grade of any Lot once established upon completion of construction of the Dwelling on such Lot. The easement area of such Lot shall be maintained in a presentable condition continuously by the Owner, and the Owner of each Lot shall be liable for all damage to service facilities and utilities thereon, including, without limitation, damage to electric, telephone, natural gas, and cable television distribution lines and facilities located therein. Each Owner shall be responsible for the installation, maintenance, repair and replacement of electrical, natural gas, telephone and cable television

service conductors and facilities on such Owner's Lot, extending from the adjacent Roadway, or utility easement on such Lot, to the Dwelling. The Lots may be subject to charge, from time to time, for street lighting facilities installed and/or to be installed by The Detroit Edison Company pursuant to the request of the Township.

SIGHT LINES:** No wall, hedge or shrub planting which obstructs sight lines at elevations between two feet (2') and six feet (6') above the Roadways shall be placed or permitted to remain on any Lot within the triangular area formed by the Roadway Area property lines and a line connected them at points twenty five feet (25') from the intersection of the Roadway Area lines, or, in the case of a rounded property corner, from the intersection of the Roadway Area property lines extended. The same sight lines limitations shall apply on any Lot within ten feet (10') from the intersection of the Roadway Area property line with the edge of a driveway pavement. No tree shall remain within such distances of such intersections unless the foliage line thereof is maintained at sufficient height to prevent obstruction of such sight lines.

**SECTION 21. Each member of the Committee shall serve until he or she resigns and is replaced by a subsequent appointee. At such time as all of the Lots shall have been sold to Owners other than Declarant, each sitting member of the Committee shall resign, and Declarant shall delegate and assign to the Association its power of appointment with regard to members of the Committee; provided that, Declarant may, at its sole discretion, make such delegation to the Association at an earlier time. (f) a construction schedule; and

(g) any other data, drawings or specifications which the Committee deems necessary to fulfill its function.

VARIANCE REQUIRED: No approval of the Committee shall be valid if any Improvement violates any restriction set forth in this Declaration, or any provision of the Township's zoning ordinance, except in cases where an appropriate waiver or variance in regard to such Improvement has been granted by the Township and/or Committee, as provided in this Declaration.

SECTION 5. APPROVAL AND DISAPPROVAL: The Committee may disapprove plans for any Improvement or alteration for non-compliance with any restriction contained in this Declaration, or because of dissatisfaction with the grading and drainage plans, the location of any Improvement on the Lot, the proposed materials, the proposed color scheme, the

proposed finish, design, proportion, shape, height, style or appropriateness of the proposed Improvement or alternation, or because of any matter or thing, which, in the judgment and discretion of the Committee, would cause the proposed Improvement or alteration to be inconsistent with the objectives of the Committee, or with improvements erected or to be erected on other Lots, including purely aesthetic considerations. No material change may be made in any approved plan or specification, including, without limitation, any approved exterior material, stain, color, or roof material, or in the approved landscaping plan, without the prior written consent of the Committee. One complete set of the approved plans and specifications in regard to each Lot, including any and all approved amendments thereto, shall be kept and retained by the Committee for its permanent file in connection with each Lot.

**SECTION 6. FAILURE TO ACT:** In the event the Committee shall have failed to approve or disapprove plans and specifications within thirty (30) days after the full, proper and complete submission thereof, the need for such approval by the Committee shall be deemed to have been waived, but all other restrictions, limitations and conditions set forth in this Declaration shall apply and remain in full force and effect as to such plans and specifications.

**SECTION 7. FORM OF APPROVAL:** Committee approval shall be deemed given if the plans and specifications submitted for approval are marked or stamped as having been finally approved by the Committee, and are signed and dated by two (2) members of the Committee validly serving on the date of such approval.

**SECTION 8. REVIEW FEE:** The Committee may charge a review fee, not to exceed Two Hundred Fifty (\$250.00) Dollars, in connection with the review of plans and specifications for any Improvement or combination of Improvements on any Lot, or in regard to the substantial alteration of any Improvement. The fee may not be utilized for the purpose of paying any salary to any member of the Committee, but exclusively for the purpose of reimbursing the actual expenses of the Committee, including, without limitation, the professional fees of independent consultants to the Committee.

**SECTION 1. PERMITTED USE:** No Lot shall be used except for single family residential purposes. No garage shall provide space for less than two (2) vehicles. Garage doors shall not face the public street upon which such Lot fronts, nor shall any garage door face the rear line of any lot. Carports are specifically prohibited. No part of any Dwelling or appurtenant structure shall be used for any activity normally conducted as a business. Except as specifically permitted herein, a pre-existing structure may not be moved onto any Lot.

**SECTION 2. As used herein, the term "livable floor area" shall not be deemed to include basements or unfinished attics, or garages, patios, decks, open porches, entrance porches, terraces, storage sheds, breezeways, or like areas, even if attached to the Dwelling, but such term shall be deemed to include enclosed porches if the roof of the porch is an integral part of the roof line of the Dwelling. Each Dwelling shall have a basement.

**SECTION 3. ALTERATION OF LOT:** No Lot may be divided or reduced in size except by the taking of part thereof by a public agency for a public purpose. Whole Lots may be combined for use as one (1) building site.

**SECTION 4. MINIMUM YARDS:** Without a variance granted by the Township, and approved by the Committee, the combined total of the front and rear yard setbacks on any lot (the "Front

Yard Setback" and "Rear Yard Setback", respectively) shall not be less than a total of 70 feet; provided that the Front Yard Setback on any Lot shall not be less than 25 feet, or more than 40 feet, and the Rear Yard Setback on any lot shall not be less than 30 feet; and provided, further, that (1) the Front Yard Setback on any lot shall be offset at least 5 feet from the Front Yard Setback designated or established on each adjacent Lot, except that in no case shall the Front Yard Setback offset on adjacent Lots exceed 15 feet, and (2) an uncovered deck attached to the rear of the dwelling may extend to within 20 feet of the rear lot line. Except as hereinafter set forth, each Dwelling (together with the structures appurtenant to such Dwelling) shall be so located and erected upon the Lot as to provide a minimum side yard on one side thereof not less than 15 feet, and the combined total of the two side yards on such lots shall not be less than 35 feet, provided that, in the case of a Dwelling with an attached garage facing the near side Lot line, a minimum side yard of 10 feet on the least shall be permitted; provided, further, that in each such instance (i) the combined side yards on such Lot shall aggregate at least 35 feet; (ii) the 10 foot side yard on such Lot shall not abut a 10 foot side yard on any adjacent Lot; and (iii) the minimum distance between Dwellings with attached garages facing the near side Lot line, on adjacent Lots, shall not be less than 35 feet; and provided, further, that (a) the minimum distance between Dwellings on adjacent Lots shall, otherwise, not be less than 30 feet, and (b) no Dwelling shall be located on any corner Lot nearer than 25 feet to a side street Lot line.

**SECTION 5. EXTERIOR MATERIALS:** The visible exterior walls of each Dwelling and appurtenant structure shall be constructed of brick, brick veneer, wood and/or stone in any combination. Stucco, aluminum siding and/or ledge rock (but not vinyl siding or Texture 1-11) may also be used, so long as any of these materials alone, or in combination, do not exceed twenty five percent (25%) of the total of all visible exterior walls. The Committee may grant such exceptions to this restriction as the Committee shall deem desirable, subject to any applicable Township ordinance regarding the use of certain exterior materials. Windows and doors shall not be considered visible exterior walls for purposes of this section. No unpainted (or non-factory painted) metal doors may be used in the exterior of any Dwelling or appurtenant structure. SIMILAR ELEVATIONS:** No substantially similar front elevation in style and color of any Dwelling shall be duplicated on any Lot less than three hundred (300) feet away long the front Lot lines, unless approved by the Committee. Different colors and building material patterns shall be used for Dwellings on adjacent Lots to avoid the appearance of repetition.

**SECTION 7. WALLS AND FENCES:** No fences or wall of any type shall be permitted for the purpose of enclosing any Lot. Wrought iron fencing (but not fencing of the wire type commonly known as "Cyclone Fencing") may be used on any Lot for the purpose of enclosing a permitted swimming pool, in locations approved by the Committee. Not more than two (2) domesticated animals, of a type commonly deemed to be household pets, may be kept on any Lot (but not kept or bred for commercial purposes), as long as each such pet shall have such care and restraint as not to be objectionable or offensive to others due to noise, odor or unsanitary conditions. Any such pet shall be kept either on a leash, or in a run, pen or kennel (in any event, a "pen"), and shall not be allowed to run loose or unattended. No pen shall be erected, placed or permitted to remain on any Lot unless located within the rear yard of such Lot adjacent to a wall of the Dwelling or garage, and facing the rear or interior of the Lot, and such pen shall not be permitted to extend into either side yard. All pens shall be made of wood, decorative block or approved fencing materials, or any combination thereof, and may not exceed three hundred (300) square feet in area or four (4) feet in height. The exterior side of a pen shall be landscaped with plantings to screen the view thereof from adjacent Lots, and such pen shall be kept and maintained in a clean and sanitary condition. The construction and landscaping plans for a pen are subject to approval by the Committee.

**SECTION 10. TEMPORARY STRUCTURES:** No structure of a temporary character, trailer, commercial vehicle, recreation vehicle, shack, garage, barn, storage shed, tent, tree house, or other similar outbuilding, may be used or occupied at any time, on any Lot, either temporarily or permanently, except that (i) tents for entertainment purposes may be erected on any Lot for periods not to exceed forty-eight (48) hours; (ii) an appurtenant swimming pool bathhouse may be maintained on any Lot, provided that the plans for such swimming pool and bathhouse shall have been approved by the Committee and Township; and (iii) a temporary storage building for the storage of materials and supplies to be used in connection with the construction of a Dwelling on any Lot may be kept and maintained on such Lot during the period of such construction.

**SECTION 12. ANTENNAS:** No exterior radio, television or other communications antenna of any type, or any saucer, dish or similar device, may be erected, placed, maintained or permitted to remain on any Lot, except that the Committee may, upon appropriate application with regard to any Lot, determine that the absence of an outside antenna will cause a substantial hardship, and, upon such finding, may permit an outside antenna to be used in connection with such Lot under such conditions as the Committee shall deem reasonable.

**SECTION 13. UNSIGHTLY CONDITIONS:** No Lot shall be used as a dumping ground for rubbish, trash, garbage or other waste, and such material shall not be kept or stored on any Lot except in appropriately sealed sanitary containers properly

concealed from public view. Garbage containers shall not be left at the roadside of any occupied Lot for more than twenty four (24) hours during any one week. Any debris resulting from the destruction in whole or in part of any Dwelling, structure or improvement on any Lot shall be removed from such Lot by the Owner thereof with all reasonable dispatch. Each Owner shall prevent such Owner's Lot, and any Dwelling, appurtenant structure or other Improvement thereon from becoming unsightly or unkempt, or from falling into a state of disrepair. No laundry shall be hung for drying on any Lot outside of the Dwelling on such Lot.

**SECTION 14. EASEMENTS AND OTHER CONDITIONS:** Easements for the construction, installation and maintenance of public utilities, for surface and road drainage facilities, and for sanitary sewer, storm sewer and water main facilities, are reserved as shown on the recorded Plat of the Subdivision, and/or as may otherwise appear of record, and as set forth herein. In addition, easements are hereby specifically reserved to the Declarant in, through and across a strip of land six feet (6') in width along all rear and side Lot lines for the installation and maintenance of telephone, electric and cable television lines and conduits, sanitary and storm sewers, water mains, and for surface drainage purposes, and for the use of any public utility service deemed necessary by the Declarant. The use of any such easement may be assigned by the Declarant, at any time, to any Person furnishing one or more of the foregoing services and/or facilities, and any such easement may be relinquished by the filing of record by the Declarant of an appropriate instrument of relinquishment. Within each of the foregoing easements, no structure, improvement, planting or other material shall be placed or permitted to remain which may damage or interfere with the installation and/or maintenance of such service facilities and utilities, or which may change, obstruct or retard the flow or direction of water in and through drainage channels in the easements, nor, without the written consent of the Committee, shall any change be made in the finished grade of any Lot once established upon completion of construction of the Dwelling on such Lot. The easement area of such Lot shall be maintained in a presentable condition continuously by the Owner, and the Owner of each Lot shall be liable for all damage to service facilities and utilities thereon, including, without limitation, damage to electric, telephone, natural gas, and cable television distribution lines and facilities located therein. No shrubs or foliage shall be permitted or maintained on any Lot within five feet (5') of any utility

company transformer enclosure or secondary connection pedestal.

Each Owner shall be responsible for the installation, maintenance, repair and replacement of electrical, natural gas, telephone and cable television service conductors and facilities on such Owner's Lot, extending from the adjacent Roadway, or utility easement on such Lot, to the Dwelling. The Lots may be subject to charge, from time to time, for street lighting facilities installed and/or to be installed by The Detroit Edison Company pursuant to the request of the Township.

The same sight lines limitations shall apply on any Lot within ten feet (10') from the intersection of the Roadway Area property line with the edge of a driveway pavement. No tree shall remain within such distances of such intersections unless the foliage line thereof is maintained at sufficient height to prevent obstruction of such sight lines.

**SECTION 18. AIR CONDITIONERS:** No external air conditioning unit shall be placed in or attached to a window or wall of any Dwelling or appurtenant structure. No compressor or other component of a central air conditioning system (or

similar system, such as a heat pump) shall be visible from any adjacent Roadway, and, to the extent reasonably possible, all such external equipment shall be so located on any Lot so as to minimize the negative impact thereof on any adjoining Lot, in terms of noise and appearance. In general, such equipment shall be located only in the rear yard, within five feet (5') of the rear wall of the Dwelling, and shall not project beyond the sidewall of the Dwelling so as to extend into the side yard.

**SECTION 19. DRIVEWAYS:** All driveways and driveway approaches shall be paved with an concrete or approved asphalt surface, and shall be completed prior to occupancy of the Dwelling to be served by such driveway, except to the extent delayed or prohibited by strikes or adverse weather conditions, in which event, such paving shall be completed within sixty (60) days after the termination of such strike or adverse weather conditions.

**SECTION 20. SALES OFFICES:** Anything in this Declaration to the contrary notwithstanding, Declarant, and the successors and/or assigns of Declarant and its or their agents, employees and sales representatives, may use and occupy any Lot or Dwelling in the Subdivision for model or display purposes and/or as a sales office in regard to the sale of Lots or Dwellings therein or other lands in the Township owned by the Declarant, until all of the Lots and Dwellings to be built on the Lots, or such other lands, shall have been sold.

**SECTION 21. ## **ARTICLE VIII**

### **Rights and Authority of the Township**

**SECTION 1. NOTICE OF DEFICIENCY:** if the Association shall fail to maintain, repair or replace the Subdivision Landscaping, or the Storm Drainage Facilities, or any element or component thereof, to at least the extent required under the relevant Maintenance Jurisdiction Permit, or in accordance with at least the minimum standards of the Township, the Township shall have the right, but not the duty, upon ten (10) days' prior written notice to the association, to perform such maintenance, repair or replacement, in which event (a) the cost of any such maintenance, repair or replacement shall not be billed to the Association, and (b) if not paid by the Association within thirty (30) days of such equal amounts, and collected in the same manner by which real estate taxes are assessed and collected by the Township (it being understood that (i) the Association shall have a duty to levy a special assessment against the Owners to the extent necessary to pay any such billing; and (ii) the foregoing method of collection by the Township shall not be the Township's exclusive remedy, and the Township by statute, ordinance, agreement or this Declaration, all of which shall be deemed preserved).

**SECTION 2. INDEMNITY:** The Association shall defend, indemnify and hold harmless the Township, and the employees of the Township, from and against any and all claims, actions, suits, and/or judgments (in any event, a "claim"),

fixed or contingent, known or unknown, arising out of, or in connection with (a) the design, construction, use, maintenance, operation, repair or replacement (or any omission in any such regard) of any element or component thereof, or (b) any relevant Maintenance Jurisdiction Permit, and which indemnity and hold harmless shall include, without limitation, any costs, expenses, and/or attorneys' fees incurred by the Township in connection with any Claim.

**SECTION 3. INSURANCE:** The Association shall continuously maintain in full force and effect public liability and property damage insurance (the "Insurance") in sufficient amounts to adequately protect Declarant, the Association, each Owner, and Township, from the burden of any liability resulting from the accidental death of, or any injury to, any injury to, any person, or any damage to property, occurring on any of the Common Areas, or with regard to the Subdivision Landscaping, including, without limitation, any such accident or damage in connection with the maintenance, operation, improvement, repair and/or replacement of the Storm Drainage Facilities, or the Subdivision Landscaping (it being understood that all such Insurance shall name the Township as an additional insured, and shall be in amounts acceptable to the Township, and that evidence of the existence and continuance thereof shall be provided to the Township annually).

**SECTION 4 RIGHT OF ENTRY:** The entry of the Township onto any Common Area, under the provisions of the Storm Drainage Facilities Agreement, the Subdivision Landscaping Agreement and/or this Declaration, at any time, for any time for any purpose, including, without limitation, the inspection, repair or replacement of the Storm Drainage Facilities, or the Subdivision Landscaping, shall not be deemed a dedication of such Common Area, nor shall the performance by the Township of any maintenance in connection with the Storm Drainage Facilities, or Subdivision Landscaping, be deemed an acceptance of title to any Common Area.

**SECTION 5. EFFECT OF AGREEMENT:** By its exercise of any rights hereunder, or under the Storm Drainage Facilities Agreement, or the Subdivision Landscaping Agreement, or by its undertaking any act in regard to the Storm Drainage Facilities, or the Subdivision Landscaping, the Township does not constitute either the Association or the Owners as the agents or beneficiaries of the Township. The Township shall retain its full governmental immunity in the premises. Any act, right or obligation of the Township, either specifically, or by implication, arising from, or occurring as a result of, any provision of this Declaration, the Storm

Drainage Facilities Agreement or the Subdivision Landscaping Agreement, shall be done or omitted by the Township in its sole and exclusive discretion. In no event shall the Township be liable in damages, for specific performance, or otherwise, to the Association, or any Owner, by reason of or from any matter in connection with this Declaration, the Storm Drainage Facilities Agreement or the Subdivision Landscaping Agreement.

**SECTION 6. AMENDMENT:** No provisions of this Declaration which specifically applies or grants rights, to the Township, may be released, changed, modified or amended without the express written consent of the Township, by and through its Board of Trustees (it being understood that any such amendment must be recorded among the Wayne County Records to become effective).

**SECTION 1. ENFORCEMENT:** The Association or any Owner shall have the right to enforce these covenants and restrictions by any proceeding at law or in equity against any Person violating or attempting to violate any covenant or restriction, either to restrain violation or to recover damages, and against any Lot to enforce the lien created by these covenants upon such Lot; and failure by the Association or any Owner to enforce any covenant or restriction herein contained shall in no event be deemed a waiver of the right to do so thereafter.

**SECTION 2. SEVERABILITY:** Invalidation of any one or more of these covenants or restrictions by judgment or court order shall in no way effect any other provision of this Declaration, and this Declaration shall otherwise continue and remain in full force and effect.

**SECTION 3. NOTICES:** Any notice required to be sent to any Member or Owner under the provisions of this Declaration shall be deemed to have been properly sent when mailed, postage prepaid, to the last known address of the Person who or which appears as Owner on the records of the Association at the time of such mailing.

**SECTION 4. ANNEXATION OF ADDITIONAL LANDS:** Additional subdivisions of land, now or hereafter owned by Declarant, and located within the area bounded by Cherry Hill Road, Beck Road, Proctor Road, and Denton Road (the "Supplemental

Except for the Addition (which shall contain additional Common Areas), any such Supplemental Parcel may or may not contain additional park areas.

**SECTION 5. TRANSFER OF RIGHTS AND POWERS:** Declarant hereby reserved the unequivocal right to assign to the Association, in whole or in part, from time to time, any or all of the rights, powers, titles, easements and estates reserved by, or given to, the Declarant hereunder, including, without limitation, any right or power to approve or disapprove any use, act, proposed action or other matter or thing. Any such transfer or assignment shall be made by appropriate written instrument, recorded among the records of the Wayne County Register of Deeds, and such assignee shall thereupon have the same rights and powers, and be subject to the same obligations and duties as herein given and reserved to and assumed by Declarant in connection with the rights, powers and easements so assigned, and such instrument, when executed by such assignee, shall, without further act, release the Declarant from all obligation, duty and liability in connection therewith.

**SECTION 6. AMENDMENT AND DURATION:** This Declaration, and the covenants and restrictions herein contained, shall run with and bind the Lots, Common Areas and Roadways, and shall insure to the benefit of, and be enforceable by the Association, or any Owner, their respective legal representatives, heirs, successors and/or assigns, for a term of thirty (30) years from the date this Declaration is recorded (the "**Primary Term**"), after which time this Declaration shall be automatically extended for successive periods of ten (10) years, unless an instrument signed by the then Owners of two-thirds of the Lots shall have been recorded, agreeing to change this Declaration, in whole or in part; provided, however, that no such agreement and instrument of change shall be effective unless made and recorded at least three (3) years in advance of the

effective date of such change, and unless written notice of the proposed agreement and instrument of change is sent to every Owner at least ninety (90) days in advance of any action taken; and, provided, further, that no such agreement and instrument of change affecting the Common Areas or Roadways, in any way, shall be effective unless the prior consent of the Township shall have first been obtained. This Declaration may be amended during the Primary Term by a recorded agreement and instrument of change signed by not less than eighty percent (80%) of the Owners; provided, that until January 1, 2001, Declarant shall have the right, by written instrument, signed, acknowledged and recorded with the Wayne County Register of Deeds, to modify, amend, restate, waive or repeal any or all of the provisions herein contained with respect to any thing, or any particular Lot within the Subdivision. Any such modification, amendment, restatement, waiver or repeal, may be made retroactive to the date of recordation of this Declaration.

**IN WITNESS WHEREOF**, Declarant has caused this Declaration to be executed as at the date first above set forth.
