**ARTICLE V**

**UNIT DESCRIPTION AND PERCENTAGE OF VALUE**

**Section 1. Description of Units.** Each Unit in the Condominium Project is described in this paragraph with reference to the Condominium Subdivision Plan of Weathervane Village as prepared by Seiber, Keast & Associates, Inc. and Milletics and Associates. Each Unit shall include: (1) with respect to each Unit basement, all that space contained within the unpainted surfaces of the basement floor and walls and the uncovered underside of the first-floor joists, and (2) with respect to the upper floors of Units, all that space contained within the interior finished unpainted walls and ceilings and from the finished subfloor, all as shown on the floor plans and sections in the Condominium Subdivision Plan and delineated with heavy outlines. Developer further reserves the right, subsequent to such withdrawal but prior to six years from the date of recording this Master Deed, to expand the Project as so reduced to include all or any portion of the land so withdrawn.

ARTICLE VII
CONVERTIBLE AREAS

Section 1. Designation of Convertible Areas. Units and Common Element areas have been designated on the Condominium Subdivision Plan and herein as Convertible Areas within which: (a) the individual Units may be expanded or reduced in size, and otherwise modified and/or relocated; (b) General and Limited Common Elements may be constructed, expanded or reduced in size, otherwise modified and/or relocated. Only the Developer or such person or persons to whom it specifically assigns the rights under this Article may exercise convertibility rights hereunder.

Section 2. The Developer's Right to Modify Units and/or Common Elements. The Developer reserves the right in its sole discretion, from time to time, during a period ending six years from the date of recording this Master Deed, to enlarge, extend, diminish and/or relocate Units and the residences contained therein; and to construct, eliminate or relocate driveways, parking areas, sump pumps, sump wells, sump drains, privacy areas, courtyards, patios, decks, air conditioner compressors, spas, hot tubs, gazebos and other general or limited amenities on all or any portion or portions of the Convertible Areas designated for such purposes herein and on the Condominium Subdivision Plan. The Developer shall also be entitled to convert General Common Element areas into Limited Common Elements in such areas as it, in its sole discretion, may determine. The foregoing itemizations of Convertible Areas and elements which may be created or modified are intended only to be illustrative, not exclusive. The precise number, nature, size and location of Unit and/or Common Element extensions and/or reductions and extensions of dwellings and/or amenities which may be constructed and designated shall be determined by Developer in its sole judgment or any other person to whom it specifically assigns the right to make such determination subject only to any necessary public agency approvals. Any private amenity other than a dwelling extension may be assigned by the Developer as a Limited Common Element appurtenant to an individual Unit.

Section 3. Developer's Right to Grant Specific Right of Convertibility. The Developer shall have the authority to assign to the Owner of a particular Unit the right of future
convertibility for a specific purpose such as construction or modification of a dwelling, deck, patio or other amenity. Such assignment shall be by specific written authority duly executed by the Developer prior to the completion of the Development and Sales Period and shall be granted only at the sole discretion of the Developer.

Section 4. Compatibility of Improvements. All improvements constructed within the Convertible Areas described above shall be reasonably compatible with the development and structures on other portions of the Condominium Project, as determined by Developer in its sole discretion.

ARTICLE VIII

OPERATIVE PROVISIONS

Any expansion, contraction or conversion in the Project pursuant to Articles VI or VII above shall be governed by the provisions as set forth below.

Section 1. Amendment of Master Deed and Modification of Percentages of Value. Such contraction or exercise of convertibility rights with respect to this Condominium Project shall be given effect by appropriate amendments to this Master Deed in the manner provided by law, which amendments shall be prepared by and at the discretion of the Developer and in which the percentages of value set forth in Article V hereof shall be proportionately readjusted when applicable in order to preserve a total value of 100% for the entire Project resulting from such amendments to this Master Deed. The precise determination of the readjustments in percentages of value shall be made within the sole judgment of the Developer. Such readjustments, however, shall reflect a continuing reasonable relationship among percentages of value based upon the original method of determining percentages of value for the Project.

Section 2. Redefinition of Common Elements. Such amendments to the Master Deed shall also contain such further definitions and redefinitions of General or Limited Common Elements as may be necessary to adequately describe, serve and provide access to the additional parcel or parcels being withdrawn from (or subsequently added back to) the Project by such amendments. In connection with any such amendments, the Developer shall have the right to change the nature of any Common Element previously included in the Project for any purpose reasonably necessary to achieve the purposes of this Article, including, but not limited to, the connection of roadways and sidewalks in the Project to any roadways and sidewalks that may be located on, or planned for the area of future development or the contractable area, as the case may be, and to provide access to any Unit that is located on, or planned for the area of future development or the contractable area from the roadways and sidewalks located in the Project.
Section 3. Right to Modify Floor Plans. The Developer further reserves the right to amend and alter the floor plans and/or elevations of any buildings and/or Units described in the Condominium Subdivision Plan attached hereto. The nature and appearance of all such altered buildings and/or Units shall be determined by the Developer in its sole judgment; but, in no event shall such altered buildings and/or Units deviate substantially from the general development plan approved by the City of Novi. All such improvements shall be reasonably compatible with the existing structures in the Project, as determined by the Developer in its sole discretion. No Unit shall be created within the area of future development that is not restricted exclusively to residential use.

Section 4. Consolidating Master Deed. A Consolidating Master Deed shall be recorded pursuant to the Act when the Project is finally concluded as determined by the Developer in order to incorporate into one set of instruments all successive stages of development. The Consolidating Master Deed, when recorded, shall supersede the previously recorded Master Deed and all amendments thereto.

Section 5. Consent of Interested Persons. All of the Co-owners and mortgagees of Units and other persons interested or to become interested in the Project from time to time shall be deemed to have irrevocably and unanimously consented to such amendments to this Master Deed as may be proposed by the Developer to effectuate the purposes of Articles VI and VII above and to any proportionate reallocation of percentages of value of existing Units which the Developer may determine necessary in conjunction with such amendments. All such interested persons irrevocably appoint the Developer as agent and attorney for the purpose of execution of such amendments to the Master Deed and all other documents necessary to effectuate the foregoing. Such amendments may be effected without the necessity of rerecording the entire Master Deed or the Exhibits hereto and may incorporate by reference all or any pertinent portions of this Master Deed and the Exhibits hereto.

ARTICLE IX
EASEMENTS

Section 1. Easement for Maintenance of Encroachments and Utilities. In the event any portion of a Unit or Common Element encroaches upon another Unit or Common Element due to shifting, settling or moving of a building, or due to survey errors, or construction deviations, reciprocal easements shall exist for the maintenance of such encroachment for so long as such encroachment exists, and for maintenance thereof after rebuilding in the event of any destruction. There shall be easements to, through and over those portions of the land, structures, buildings, improvements and walls (including
interior Unit walls) contained therein for the continuing maintenance and repair of all utilities in the Condominium. There shall exist easements of support with respect to any Unit interior wall which supports a Common Element.

Section 2. Easements Retained by Developer.

(a) Roadway Easements. The Developer reserves for the benefit of itself, its successors and assigns, and all future owners of the land described in Article VI or any portion or portions thereof, an easement for the unrestricted use of all roads and walkways in the Condominium for the purpose of ingress and egress to and from all or any portion of the parcel described in Article VI. All expenses of maintenance, repair, replacement and resurfacing of any road referred to in this Section shall be shared by this Condominium and any developed portions of the land described in Article VI the closest means of access to a public road of which is over such road or roads. The Co-owners of this Condominium shall be responsible for payment of a proportionate share of such expenses which share shall be determined by multiplying such expenses by a fraction, the numerator of which is the number of dwelling Units in this Condominium, and the denominator of which is comprised of the numerator plus all other dwelling Units in the land described in Article VI the closest means of access to a public road of which is over such road.

(b) Right to Dedicate. The Developer reserves the right at any time during the Construction and Sales Period to dedicate to the public a right-of-way of such width as may be required by the local public authority over any or all of the roadways in Weathersvane Village, shown as General Common Elements in the Condominium Subdivision Plan. Any such right-of-way dedication may be made by the Developer without the consent of any Co-owner, mortgagee or other person and shall be evidenced by an appropriate amendment to this Master Deed and to the Condominium Subdivision Plan hereto, recorded in the Oakland County Records. All of the Co-owners and mortgagees of Units and other persons interested or to become interested in the Project from time to time shall be deemed to have irrevocably and unanimously consented to such amendment or amendments of this Master Deed to effectuate the foregoing right-of-way dedication.

(c) Utility Easements. The Developer also hereby reserves for the benefit of itself, its successors and assigns, and all future owners of the land described in Article VI or any portion or portions thereof,
perpetual easements to utilize, tap, tie into, extend and enlarge all utility mains located in the Condominium, including, but not limited to, water, gas, storm and sanitary sewer mains. In the event Developer, its successors or assigns, utilizes, taps, ties into, extends or enlarges any utilities located in the Condominium, it shall be obligated to pay all of the expenses reasonably necessary to restore the Condominium Premises to their state immediately prior to such utilization, tapping, tying-in, extension or enlargement. All expenses of maintenance, repair and replacement of any utility mains referred to in this Section shall be shared by this Condominium and any developed portions of the land described in Article VI which are served by such mains. The Co-owners of this Condominium shall be responsible from time to time for payment of a proportionate share of said expenses which share shall be determined by multiplying such expenses times a fraction, the numerator of which is the number of dwelling Units in this Condominium, and the denominator of which is comprised of the numerator plus all other dwelling Units in the land described in Article VI that are served by such mains.

Section 3. Grant of Easements by Association. The Association, acting through its lawfully constituted Board of Directors (including any Board of Directors acting prior to the Transitional Control Date) shall be empowered and obligated to grant such easements, licenses, rights-of-entry and rights-of-way over, under and across the Condominium Premises for utility purposes, access purposes or other lawful purposes as may be necessary for the benefit of the Condominium or for the benefit of any other land described in Article VI hereof; subject, however, to the approval of the Developer during the Construction and Sales Period.

Section 4. Easements for Maintenance, Repair and Replacement. The Developer, the Association and all public or private utility companies shall have such easements over, under, across and through the Condominium Premises, including all Units and Common Elements as may be necessary to develop, construct, market and operate any Units within the land described in Article II and Article VI hereof, and also to fulfill any responsibilities of maintenance, repair, decoration or replacement which they or any of them are required or permitted to perform under the Condominium Documents or by law. These easements include, without any implication of limitation, the right of the Association to obtain access during reasonable hours and upon reasonable notice to water meters, sprinkler controls and valves, sump pumps, sump drains and sump wells and other Common Elements located within any Unit or its appurtenant Limited Common Elements.

Section 5. Telecommunications Agreements. The Association, acting through its duly constituted Board of Directors
and subject to the Developer's approval during the Construction and Sales Period, shall have the power to grant such easements, licenses and other rights of entry, use and access and to enter into any contract or agreement, including wiring agreements, right-of-way agreements, access agreements and multi-unit agreements and, to the extent allowed by law, contracts for sharing of any installation or periodic subscriber service fees as may be necessary, convenient or desirable to provide for telecommunications, videotext, broadband cable, satellite dish, earth antenna and similar services (collectively "Telecommunications") to the Project or any Unit therein. Notwithstanding the foregoing, in no event shall the Board of Directors enter into any contract or agreement or grant any easement, license or right of entry or do any other act or thing which will violate any provision of any federal, state or local law or ordinance. Any and all sums paid by any telecommunications or other company or entity in connection with such service, including fees, if any, for the privilege of installing same or sharing periodic subscriber service fees, shall be receipts affecting the administration of the Condominium Project within the meaning of the Act and shall be paid over to and shall be the property of the Association.

This Master Deed and the Condominium Subdivision Plan may be amended with the consent of 66-2/3% of the Co-owners, except as hereinafter set forth:

Section 1. Modification of Units or Common Elements. No Unit dimension may be modified in any material way without the consent of the Co-owner and mortgagee of such Unit nor may the nature or extent of Limited Common Elements or the responsibility for maintenance, repair or replacement thereof be modified in any material way without the written consent of the Co-owner and mortgagee of any Unit to which the same are appurtenant, except as otherwise expressly provided in this Master Deed or in the Bylaws to the contrary.

Section 2. Mortgagee Consent. Whenever a proposed amendment would materially alter or change the rights of mortgagees generally, then such amendments shall require the approval of 66-2/3% of all first mortgagees of record, allocating one vote for each mortgage held.

Section 3. By the Developer. Pursuant to Section 90(1) of the Act, the Developer hereby reserves the right, on
behalf of itself and on behalf of the Association, to amend this Master Deed and the other Condominium Documents without approval of any Co-owner or mortgagee for the purposes of correcting survey or other errors and for any other purpose unless the amendment would materially alter or change the rights of a Co-owner or mortgagee, in which event Co-owner and mortgagee consent shall be required as provided above.

Section 4. Change in Percentage of Value. The value of the vote of any Co-owner and the corresponding proportion of common expenses assessed against such Co-owner shall not be modified without the written consent of such Co-owner and his mortgagee, nor shall the percentage of value assigned to any Unit be modified without like consent, except as provided in this Master Deed or in the Bylaws.

Section 5. Termination, Vacation, Revocation or Abandonment. The Condominium Project may not be terminated, vacated, revoked or abandoned without the written consent of the Developer and 80% of non-developer Co-owners.

Section 6. Developer Approval. During the Construction and Sales Period, Article VI, Article VII, Article VIII, and this Article XI shall not be amended nor shall the provisions thereof be modified by any other amendment to this Master Deed without the written consent of the Developer.

ARTICLE XI
